You may serve as an interpreter if you and the applicant are fluent in the same language
- In addition to questions on the application and the applicant's responses, the interpreter is required to translate all comments you make as well as information contained in marketing materials and forms

- Three years of medical records required if a health question is answered yes on the application and the client now feels the answer should be no in order to be considered
- To ensure privacy, the specific reason for a policy being declined or issued other than applied for is shared only with the applicant
- After reviewing the letter with the applicant please review the information in this guide for our handling of the applicant's condition(s)
- If the applicant disagrees with the specific reason given in the letter, he or she has the right to submit additional information. Here's how the appeal process works:
 - A notice of appeal must be submitted in writing by the applicant and/or his or her physician within 60 days of receipt of the letter (some states vary slightly). Informal (verbal) appeals will be considered at the request of General Managers, District Sales Managers and Brokerage Managers
 - A decision letter will be sent to the applicant within 60 days of receipt of the appeal information
 - The 30-day period for review of the policy and billing notice of premium due are independent of the appeal process
 - The application date will determine whether the original application can be used along with a Statement of Good Health or if a new application will be required

Declined Applications

When an application is denied, a letter will be sent to the applicant and any premium collected will be destroyed.

- Make sure the proper forms are fully completed, paying special attention to the replacement questions, agent certification, the existing policy number and issuing company
- Replacement forms can be obtained from Sales Professional Access (SPA)

Downgrades

A downgrade reduces benefits. Downgrades can be requested by the policyholder in a letter containing his or her signature and date. The following downgrades are allowed:

- Decreasing the lump-sum benefit amount
- Removing a family member
- Removing coverage or riders
