

### **UnitedHealthcare and UNC Health renew relationship**

UnitedHealthcare and UNC Health have agreed to a new multi-year contract that ensures continued, uninterrupted network access to the health system's hospitals, facilities and physicians for people enrolled in employer-sponsored commercial plans, including Individual Exchange and UMR, as well as our Medicare Advantage plan.

UNC Health also continues to participate in our Medicaid plan, which was not impacted by our negotiation.

We will mail letters to our members who previously received communications regarding our negotiation to inform them that UNC Health will remain in our network.

We thank our members and customers for their support and patience throughout this process and are honored to continue supporting all of the people throughout North Carolina who depend on us for access to quality and affordable health care.

Please do not hesitate to contact your UnitedHealthcare representative if you have any questions.
